DEPARTMENT OF ELECTRICAL AND ELECTRONICS ENGINEERING

INCUBATION CENTER

Shree Venkateshwara Hi-Tech Engineering College has set the “**Incubation Center**” (SS Technovation and Caliber Embedded) for nurturing and overseeing innovation and entrepreneurship. The aim is to encourage entrepreneurship among locals with the colleges serving as focal points. It is a platform for nurturing, encouraging and developing innovation and entrepreneurial skills among its students, research scholars and alumni, as well as students of the region.

With an intention of making students industry ready and reducing industry investment, we have initiated industry incubation centers. To provide training for the identified students on specific topics, continuously monitor the performance, we send them for an internship to company and place them, motivate to do innovation to get patent.

SVHEC-EEE has signed MoU with various companies, for starting the research work in various Fields. It interacts between the faculty members and students with various organizations. SVHEC wishes to facilitate the creation of ideas and inventions that benefit the society.

OBJECTIVES:

1. To create jobs, wealth and business aligning with national priorities
2. To promote new technology/knowledge/innovation based startups.
3. To provide a platform for speedy commercialization of technologies developed by the host institution or by any academic/technical/R&D institution
4. To build a vibrant startup ecosystem, by establishing a network between academia, financial institution, industries and other institutions.
5. To provide cost effective, value added services to startups like mentoring, legal, technical, intellectual property related services.

VISION:

Incubation Centre is a space for new age entrepreneurs and young minds to transform their innovative ideas into viable business propositions. Our primary vision is to facilitate a platform for a budding entrepreneur to start a business venture with minimum risks. Incubation will ensure that incubates have access to technological assistance which will be generated through mentors with multidisciplinary expertise. We encourage young enthusiasts with creative pursuits with an inherent zeal to be entrepreneurs to take advantage of this novel initiative.

MISSION:

The mission of Incubation Centre is to nurture and empower the next generation entrepreneurs to serve the local problems. The students, alumni of SVHEC, local industries and also students of the Erode district can come up with their ideas which might lead to the startup.

SALIENT FEATURES:

1. To encourage Entrepreneurship and innovation and incubation of ideas.
2. To support the incubation for patent write.
3. Each project will be executed by a team of entrepreneurs (students/alumni/ Industry)
4. Each project will be given infrastructural support such as workspace, internet etc.
5. The program will cater to the projects that solve problems and find solution to local needs rather than global problems and needs.
6. The problem can be from any discipline but one should provide a solution to the selected problem.
7. To facilitate the students to get internships through the companies which are under incubation.

Product development:

As an outcome of the initiatives taken by faculty members, the following products are designed, developed successfully. The details of products developed

S.No.	Academic Year	Faculty Name	Product Development
1	2024-2025	Mr.S.Gowrishankar	Robo chart
2	2020-21	Mr.K.C.Anandhan	Electric Vehicles Charging Station
3			Wireless Scrolling Display System
4	2019-20	Mr.V.Rathinavelsubramaniam	An Efficient Method of Dry-Wet Dust Collection To Support Swachh Bharat Abhiyaan
5		Mr.R.Balraj	Intelligent Traffic Control System For Smart Ambulance
6	2018-19	Mr.N Prabhu	Accident Detection and Reporting Systems using GPRS, GPS and GSM technology
7		Mr.K.C.Anandhan	Smart Women Safety System
